

Refilling the tank

- ▶ Start inlet of cold water. ①
- ▶ Wait until the water level has reached the static level ⑫, stop cold water supply. ⑬
- ▶ Disconnect the suction hose of the disposal vehicle from the Storz-B coupling.
- ▶ Record the disposal in the log book.
- ✓ Disposal procedure is completed.

The preset pump run time depends on the nominal size of the separator and corresponds to the required duration for the flushing process.

- ① The values can be adjusted to the respective requirements using the Kessel NFC app.
Download it from the app stores.
